# ASYRAF DUYSHART

## FULLSTACK MOBILE DEVELOPER / DESIGNER / PHILOSOPHER

I am known as a young entrepreneur, designer, developer, consultant, public speaker, writer and philosopher.

I have 7+ years of experiences in organisation engagement and community development since high school, 5+ years in non-profit leadership and management, 2+ years in Digital Startup and 4+ years in mobile Android Development, I started technology interest organisation in high school known as Ubiquity Cyber School, founding and create Startup like GalauCerdas, Solutalk, Persona and Klik Tukang

I specialise in UI/UX Design and develop things in Mobile and Web (Yes! I am a lethal combination of Developer + Designer) and love about Computer Software. I'm passionate about what I do, and I love to help people.
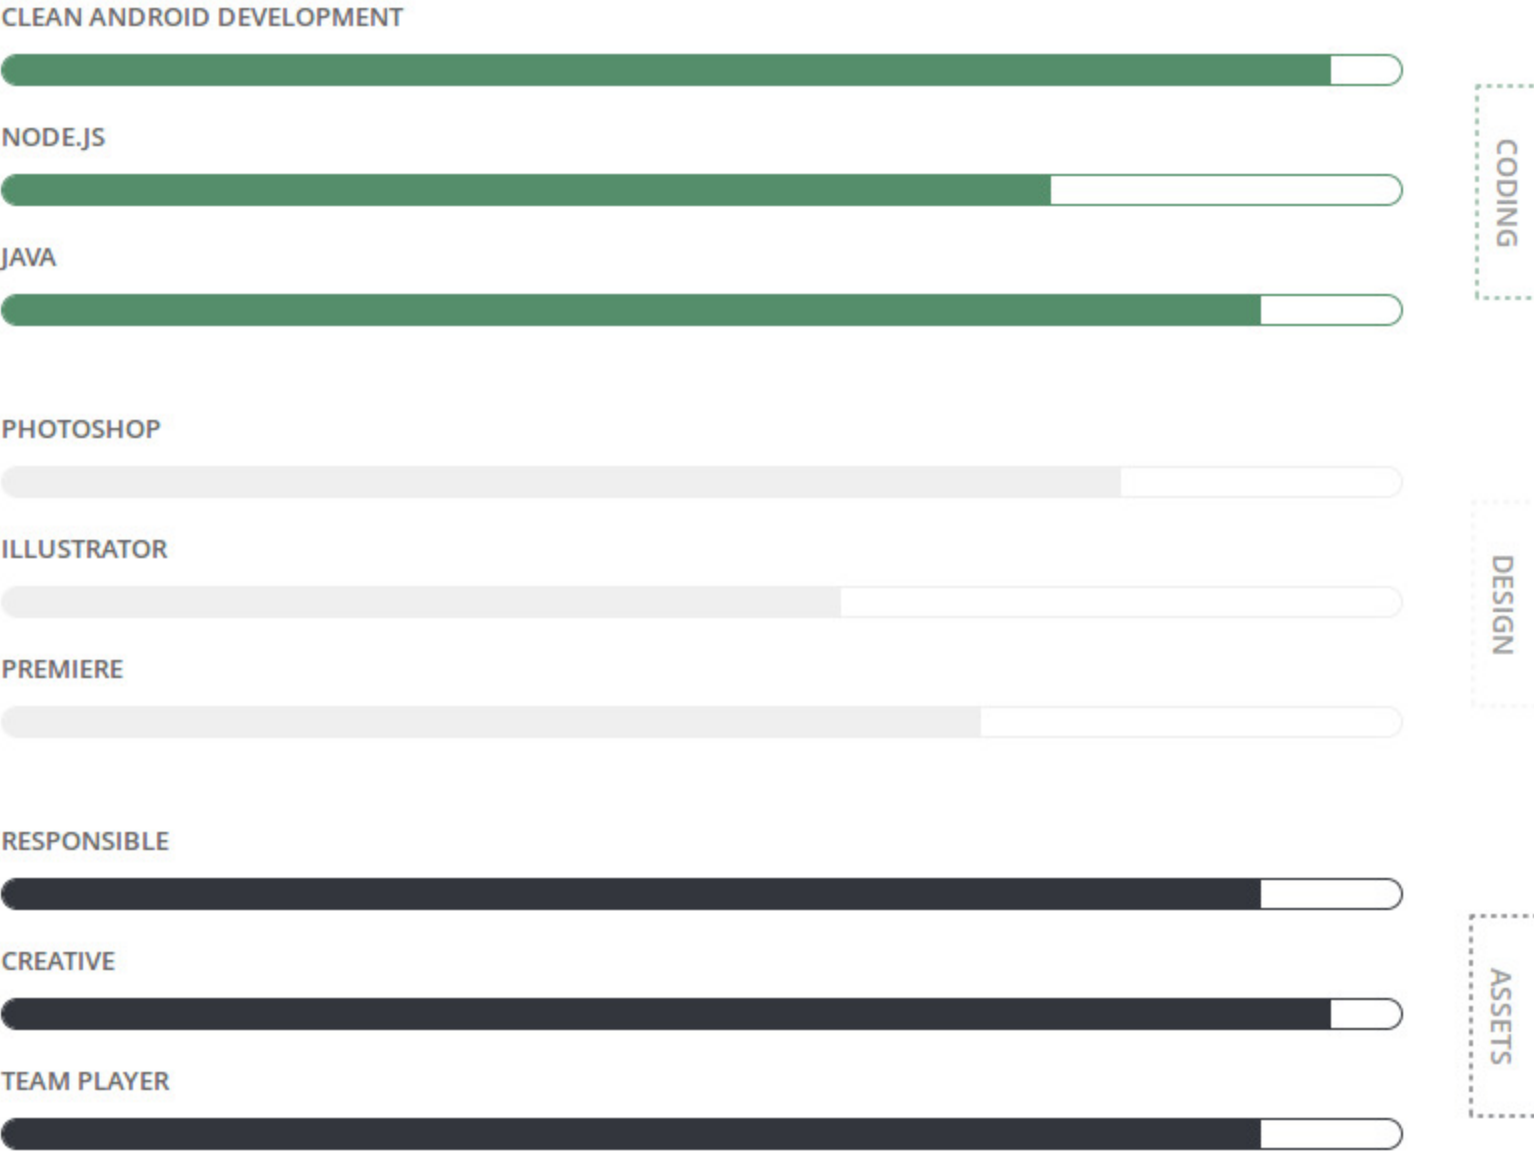

Nothing is more fulfilling than being part of a team with similar interests, and an organisation that values its employees. Practical, pragmatic, insightful, prefer progressive & beyond-the-box approach; rather than conservative approach.

I sold my soul to capitalism, mortgage my heart to humanism.
